SOBOPA

Société Bouajila de Production Agricole is a family Company was created back in the sixties and has grown during the last decades to become a self producer, having its own up to standards treatment and packaging unit and exporter of Deglet Nour Dates.

The dates annual production is around 1000 Tons, produced by 45000 palm trees covering 335 hectares, 40% of our production is organic.

To ensure the quality of our dates, we implemented the following quality improvement techniques:

- Respect of pollination time.
- Dates bunches limitation
- Dates bunches thinning
- Dates bunches Wrapping
- Irrigation schedule respect
- Full compliance with the fertilization plan (natural and organic)
- Continuous maintenance and cleaning of the farm to break the biological cycle of date pyrales.

“ **DEGLET NOUR, QUEEN OF SOUTH TUNISIA**

“
